

CV

JONATHAN RACE

FRONT-END WEB DEVELOPER

PROFILE

I'm passionate about web design and pour my heart and soul into each and every project. I have years of experience and am looking for a company that can take my skills, utilise them and help me grow further.

- WEB DESIGN
- UX / UI DESIGN
- FRONT-END DEVELOPMENT
- PHOTOSHOP
- SKETCH

PROJECTS

FRONT-END WEB DEV / Apr 2020

HERBALCRAFT.US

A job involving photoshop editing and anime.js to give a fun presentation to this page. Minetools API was also utilised to provide player count information from a server.

FRONT-END WEB DEV / Mar 2020 - Apr 2020

BENMARSHALLPRODUCTION.COM

Scrollmagic and slick libraries were used to bring this project to life and display testimonials and videos in a more aesthetically pleasing way.

FRONT-END WEB DEV / WEBMASTER / Nov 2018 - Ongoing

ENGLISHXP.CO.UK

This is a modified wordpress template, using CSS and Elementor plugin to set the right tone for the content. I still run and promote this website to this day.

PROFESSIONAL SKILLS

- HTML5
- JAVASCRIPT
- SASS
- CSS3
- PHP7
- REACT

EDUCATION

FREECODECAMP / Nov 2019 - Ongoing

DEVELOPER CERTIFICATION

Modules completed: Applied visual design, Applied accessibility, Bootstrap, Responsive web design, JS algorithms and data structures, jQuery, React, Redux, Sass.

CODECADEMY / Nov 2019 - Ongoing

DEVELOPER CERTIFICATION

Codecademy is where I started my learning journey online. I completed the courses "Introduction to JavaScript" and "Learn PHP".

DE MONTFORT UNIVERSITY / Sep 2008 - Jun 2010

MUSIC TECHNOLOGY FDSC

This course was invaluable in giving me both engineering skills (logical thinking and problem solving) and creative thinking which has helped so much with my design.

INTERESTS

- JAPANESE SPEAKER
I have been teaching myself Japanese for the last 2 and a half years and am around JLPT N3 level (B1).
- MUSIC PRODUCER
I enjoy writing electronic music and have supported a number of big names live while DJ'ing in the past.
